SOUND SAMPLING

**T R E M**

## MIDI CONTROLLERS:

### Modulation (cc1)

Controls the kontakt filter applied to the entire instrument.

### Expression (cc11)

Controls a secondary internal volume parameter.

### Volume (cc7)

Controls the instrument volume.

### Articulations

The keys C1 to D#1 changes the articulation on a specific patch.

You can also change the articulation by altering the drop down menu seen below:
